AUTHORIZATION NUMBER 1501120302**SPECIAL WASTE AUTHORIZATION****DISPOSAL SITE:** Cass County Sanitary Landfill (15-SDP-01-75P)

The following and attached instructions apply ONLY to the specific waste described and to the volume and time period specified. This is not an overall approval to accept other special wastes. DNR must authorize the disposal of such additional wastes from the same generator or similar wastes from a different generator. Failure to obtain this approval is a violation of Solid Waste Disposal Rule 109.2. These instructions in no way obligate the above named disposal site to accept the described waste. The disposal site has the final decision whether to accept the waste, and does so at its own risk. This form shall be kept in the office of the sanitary landfill for review by DNR personnel. Each disposal shall be recorded and reported in accordance with reporting requirements contained in the landfill's permit.

By delivery of this waste, the waste generator certifies that the intended disposal of the described waste is in compliance with all RCRA hazardous waste regulations.
